

NOTICE OF PUBLIC HEARING

The El Cajon City Council will hold a Public Hearing on Tuesday, June 12, 2018, at 3:00 p.m. in the Council Chambers at 200 Civic Center Way, El Cajon, CA to consider the following:

Public Hearing for Underground Utility District #28 – N. Magnolia Avenue from Fletcher Parkway to Vernon Way.

Chapter 16.52 of the El Cajon Municipal code establishes a procedure for the creation of underground utility districts, and requires as the initial step in such procedure the holding of a public hearing to ascertain whether the public health, safety or welfare requires the removal of poles, overhead wires, associated overhead structures, and the underground installation of wires and facilities for supplying electric, communication, or similar associated service in any such district.

This proposed district would underground the existing overhead electrical utilities on N. Magnolia Avenue from Fletcher Parkway to Vernon Way (approximately 2,400 feet). This project is estimated to cost about \$1.9 million. Currently, the City has approximately \$3.4 million in San Diego Gas & Electric (SDG&E) Rule 20A funds that will be utilized for this purpose. The remainder of these funds will be applied to the existing UUD#26 project on East Main Street between Broadway and northern City Limits which is temporarily on hold.

The use of undergrounding funds (Rule 20A) is collected and administered by SDG&E for the underground conversion projects of residential and business properties along major arterial streets. SDG&E assumes responsibility for these underground service conversion projects to include appropriate trench, conduit, secondary cable, and meter changes including the provision of joint trench/conduit for communications facilities.

The proposed program is available for review in the City Clerk's Office at City Hall, 200 Civic Center Way, El Cajon. For questions, please contact Mario Sanchez at (619) 441-1653.
