Job Address: _____	Building Permit No.: _____
Property Owner: _____	Engineering Job No.: _____

**Prior to the first foundation inspection of any building:**

**CIVIL ENGINEER/LAND SURVEYOR STATEMENT**

1) A written statement prepared, stamped, and signed by a registered civil engineer licensed to practice land surveying or a land surveyor licensed in the State of California shall be submitted to the Building Official stating that under penalty of perjury said civil engineer or land surveyor is familiar with the rough grade elevations and building location requirements shown on the approved plans, that said civil engineer or land surveyor has surveyed the site including rough grade elevations and building foundation location, and that the building foundation location and rough grade elevations are in substantial compliance with the plans approved by the City of El Cajon.

I, \_\_\_\_\_, hereby certify under penalty of perjury that I am familiar with the rough grade elevations and building location requirements shown on the approved plans associated with the permit named above, that I have surveyed the site including rough grade elevations and building foundation location, and that the building foundation location and rough grade elevations are in substantial compliance with the plans approved by the City of El Cajon in conjunction with the issuance of the above named permit and the applicable sections of the City Code applying to this statement.

**(Note: Any changes to the approved plans shall be authorized by the project Architect / Designer / Engineer and the City before foundation is poured).**
