Pool Demolition

- City of El Cajon Requirements -

SCOPE OF WORK:

- 1) Obtain pool demolition permit.
- 2) Post a \$1,000.00 bond, refundable at approved final inspection.
- 3) Remove all electrical and plumbing.
- 4) Remove all pool equipment.
- 5) Drill a minimum of 10 holes through bottom of pool, at least 2.5 inches in diameter down to the dirt underneath or cut or break out a minimum 24" x 24" hole. Inspection to be called for at this point prior to backfilling.
- 6) Demolish sides of pool around entire structure, taking the concrete and any steel down a minimum of 2 feet. Second inspection to be completed.
- 7) Backfill and compact as you go avoiding organic, expansive or reducible materials. Avoid large rocks or material near surface of finished grade. Smooth out backyard area to level surface.
- 8) Call for Final inspection when completed.
