

WINTER MONITORING PERIODS

EFFECTIVE FOR SEWER BILLS BEGINNING NOVEMBER 22, 2019 THROUGH JUNE 30, 2020

Most single-family residential sewer accounts use the winter-based billing method. Water consumed during the dates listed below will determine the sewer charge beginning November 22, 2019, through June 30, 2020. The cycle number is listed on the right-hand side of your sewer bill along with the service information for your account.
