

## SAMPLE BI-MONTHLY SEWER BILLING CALCULATIONS

---

Effective for Services from November 22, 2019 through June 30, 2020

### Sample Billing for Single Family Residential

Fixed Winter Average (FWA) Based, water use = 16.5 units of water

$$\begin{array}{rclcl} \text{FWA Water Use} & & \text{Consumption Rate} & & \text{FWA Charge} \\ 16.5 & \times & \$4.49 & = & \$74.09 \end{array}$$

$$\begin{array}{rclcl} \text{FWA Charge} & & \text{Base Charge} & & \text{Bimonthly Bill} \\ \$74.09 & + & \$24.86 & = & \$98.95 \end{array}$$

$$\begin{array}{rclcl} \text{Bimonthly charge} & & \text{Periods per year} & & \text{Total Annual Charge} \\ \$98.95 & \times & 6 & = & \$593.70 \end{array}$$

### Sample Billing for Commercial Account

Water use = 25 units, with no irrigation meter @ Medium Strength

$$\begin{array}{rclcl} \text{Water Use} & & \text{Consumption Rate} & & \text{Consumption Charge} \\ 25.0 & \times & \$5.30 & = & \$132.50 \end{array}$$

$$\begin{array}{rclcl} \text{Consumption Charge} & & \text{Base Charge} & & \text{Total Bill} \\ \$132.50 & + & \$33.90 & = & \$166.40 \end{array}$$

### Sample Billing for Multi-Family Residential

30 unit complex, water use = 350 units (no irrigation meter)

$$\begin{array}{rclcl} \text{Water Use} & & \text{Consumption Rate} & & \text{Consumption Charge} \\ 350 & \times & \$3.92 & = & \$1,372.00 \end{array}$$

$$\text{Base Charge} = \text{First unit } (\$24.86) + (29 \text{ Units} \times \$12.43) = \$385.33$$

$$\begin{array}{rclcl} \text{Consumption Charge} & & \text{Base Charge} & & \text{Total Bill} \\ \$1,372.00 & + & \$385.33 & = & \$1,757.33 \end{array}$$
